Ratnaji Guptha Talluri S G Kameswara
Thank You and Bravo Zulu!

January 2026

Dear Ratnaji:

We want to take a moment to thank you for your contributions during a period of significant change for our Clearance and Brokerage operations and more importantly, our customers.

We recognize the last few months haven't been easy. Navigating the "new normal" of tariff policies and the end of De Minimis has required a level of grit and adaptability that goes far beyond business as usual.

The evolving regulatory environment introduced significant complexity, requiring us to overhaul processes at speed. This required tremendous adaptability, creative solutioning, and a bias to action. Through the strong partnership across Operations, Data & Tech, and FedEx Logistics, we were able to stabilize our global footprint while delivering meaningful value for our customers and shareholders.

We're reminded of an inscription found on the watch of our founder, Frederick W. Smith – which said, "Waste not a moment." It's without question, you not only embraced this sentiment but modeled the best of our culture in doing so.

In appreciation for your efforts, you will find a small token of our gratitude in your upcoming paycheck.

Thank you and Bravo Zulu,

Lisa S. Lisson
President, Airline Operations
Airline & International
